5. Once the applications are forwarded by the chief inspector of boiler, the inspector of boiler will provide inspection date and do physical verification of the plant.

Online Services						
Services						
	Registration	Renewal	Manufacturer Registration	Manufacturer Renewal	Erector Registration	Erector Renewal
1. Replied Objection	0	0	0	0	0	0
2. Replied Clarification	0	0	NA	NA	NA	NA
3. Inspection	1	0	0	0	0	1
4. Verification (Department)	0	1	0	0	0	0
Verification (Self Certification)	NA	2	NA	NA	NA	NA

6. All application received by the inspector of boiler are shown under the "Inspection" link as shown in the above figure.

7. On clicking the inspection link, all applications received by the inspector of boiler can be seen as shown in the figure below. There are three option here

- Forward the application to another inspector
- Give inspection date
- Raise objection

8. To forward the application to another inspector, he/she needs to select the inspector's name, provide proper remark and press the submit application as shown the figure below.

The screenshot shows the 'Boiler Inspectorate' web application interface. At the top, there is a header with the logo and the text 'Boiler Inspectorate'. On the right, there are links for 'Home' and 'Change Password'. Below the header, a user is logged in as 'gshukla' with a 'Log out' link. The main content area is titled 'Boiler Renewal Verification' and contains an 'Advance Search' button. Below this is a table with columns: S.No., Verify, Provisional No, Name, Address, District, Tahsil/Block, Village/Town, Preview, RollBack, and Verify. The table contains one row with S.No. 1, a checkbox, Provisional No. 3224101710003, Name 'Test Enterprise', Address 'TEST', District 'Raipur', Tahsil/Block 'Raipur', and Village/Town 'Raipur (M Corp. + OG)'. Below the table, there is a form with three fields: 'Action' (a dropdown menu set to 'Forward'), 'Employee Name' (a dropdown menu set to 'Select Employee', which is circled in red), and 'Remark' (a text box with the placeholder 'Enter Remark'). Below these fields, it says 'Characters left: 100'. At the bottom, there is a 'Submit' button.

9. To provide inspection date, inspector of boiler needs to select "Inspection" from action dropdown and provide inspection date in the date textbox.

The screenshot shows the 'Boiler Inspectorate' web application interface, similar to the previous one. The 'Action' dropdown menu is now set to 'Inspection'. The 'Employee Name' dropdown menu is still set to 'Select Employee', but it is not circled. The 'Date' field (a date picker) is now visible and is circled in red. The 'Remark' field is still present with the placeholder 'Enter Remark'. Below these fields, it says 'Characters left: 100'. At the bottom, there is a 'Submit' button.

10. Once the inspection date is given, the inspector of boiler needs to do the physical verification of the plant and upload the inspection report along with his/her suggestions under the verification link as shown below.
